## *Comfort for Life*

*Daikin is a global leader for indoor comfort, with millions of systems installed throughout the world.*

*Daikin has been improving the comfort of its customers with exceptional products and services for many generations.*

*To explore all of our solutions for premium indoor Comfort for Life, visit [www.daikincomfort.com](http://www.daikincomfort.com).*

## *Elevate your expectations and get more out of your home's indoor comfort system performance*

As you think about the functionality of your home's indoor comfort system, the Daikin brand is ready to help you achieve control, energy efficiency and long-term peace of mind. Take that attention to quality one step farther by choosing a Daikin brand energy-efficient ductless heat pump system. We have designed and engineered all of our products to provide years of consistent indoor comfort – delivering you and your family premium *Comfort for Life*.

## *Bold performance*

A better understanding of how people inhabit their living spaces has led to products designed to create indoor environments that help use energy resources more effectively. The Daikin Multi-Split System is a flexible solution for individual zone comfort. Connecting up to 8 indoor units to a single outdoor unit reduces installation space and costs while maximizing comfort and energy savings. With a choice of three indoor unit types in a wide range of capacities, Daikin Multi-Split Systems allow mixed and matched combinations for superior *Comfort for Life*.\*

\* Equipment selection should always be based on detailed load calculation performed by a qualified technician.

## *Smart inverter technology*

Integrated with an inverter variable-speed compressor, Daikin Ductless Multi-Split Systems deliver the capacity required to maintain desired room conditions, reducing energy consumption by up to 30% or more (compared to traditional fixed-speed ducted systems). This technology minimizes temperature fluctuations and provides continuous cooling and heating comfort.

## *Intelligent eye technology*

Daikin brand Multi-Splits offer indoor units equipped with an intelligent eye feature† that detects movement and automatically changes to an energy-saving mode when movement is not detected for over 20 minutes. Normal operation resumes once movement is detected, ensuring a comfortable experience and offering savings up to 20% in cooling and up to 30% in heating, compared to units without movement detection.

† Available on select models

## *Zoned comfort control*

Do you fight over the temperature in your home or have rooms that go unused for long periods? Now you can save energy and control temperatures independently in up to 8 separate zones with a single outdoor unit. With available wall-mounted, concealed slim-duct, and ceiling cassette indoor options, Daikin Multi-Split Systems offer multiple indoor unit styles to meet all of your home comfort needs.

### *Individual comfort and control*

The wireless control provides individual temperature control at the click of a button. Most indoor units are also compatible with the Daikin ENVi intelligent thermostat, offering a more advanced solution designed with energy savings performance in mind. With the freedom to access, program and control the system from a smart phone, tablet, or computer, users can have peace of mind — anytime, anywhere.

Count on a Daikin brand control to deliver convenience and premium *Comfort for Life* to your family for years and years.
